What Financial Help Is Available For Families For Childcare & Activities?

The Working Tax Credit (WTC) is one of the ways in which families can get financial help towards childcare and activities for older children. Parents can get help with up to 80% of childcare costs.

The maximum help with childcare costs is £140 a week for one child
£240 a week for two or more children

The amount that parents get will depend on their income. Parents can calculate how much support they would receive through WTC by using the HMRC calculator on line:
